

May 25, 2012

Dear Industry Professional:

Welcome to our new site.

It is our desire to communicate to all visitors the availability of superior management software in a clean, simple, and easily understood quick overview. We recognize how impractical, and virtually impossible, it would be to address all possible questions, and or concerns, with a website as the primary communication tool.

We hope you find our new web presence informative, easy to navigate and visually appealing. We could fill pages and pages of information and still not answer your specific question. It is our desire to meet the unique ever changing needs of each and every industry professional, and we believe we can.

Please contact us at anytime with any questions you may have. We are confident the power beneath the simplicity of our products will aid in the continued success of your organization.

Sincerely,

Wes Johnson
President/CEO
Continental Computer Corporation
